

# Printshop Plugin for Acumatica

**AUTOMATE YOUR PRODUCTION FOR SCREEN PRINTING, EMBROIDERY, PROMOTIONAL PRODUCTS AND PRINT BUSINESS.**

*Printshop is an extension of Acumatica Cloud ERP*

Printshop for Acumatica lets you track all your sales activities and capture critical details so you are production ready. Plus, be more efficient with approval management and notifications.

- Manage your print jobs, setup screens, and art files.
- Automate workflow processes to receive real-time notifications and track work progress.
- Manage scheduling using a calendar view and set up auto-purchasing.

**Manage scheduling, screen setups, artwork management, approval processes and automate order fulfillment for all your print jobs.**

## KEY BENEFITS

### TAKE CONTROL OF YOUR BUSINESS

- Manage and improve jobs, design, and artwork.
- Manage art files, approvals, production orders and job setup screens.
- Manage ink, thread colors and resources.

### INTEGRATION AND AUTOMATION

- Easily integrate with your current distribution and accounting features.
- Automate the workflow process.
- Import custom attributes to apparel such as jersey name & number.

### PRODUCTIVITY AND TRACKING

- Track multiple setup screens for each order.
- See productivity gains for repeat orders.
- Enable notifications for jobs status and deadlines.

### CUSTOMIZATION AND PERSONALIZATION

- Configure fields for custom production jobs.
- Customize print production reports.
- Track schedule and production dates.

### ADD ON FEATURES

- CRM-Customer portal integration for order approvals
- Accept digital signature on order approvals, shipments and more.

### PRINTSHOP FEATURES AND CAPABILITIES

<b>Manage Shop Jobs</b>	Easily set up jobs for screen print, embroidery, promotional and digital prints, as well as any needed job information such as ink and thread color. Set up approval status dates all within the Acumatica distribution module.
<b>Manage Workflows</b>	Use generic inquiries and dashboards with built-in notifications for the sales, purchasing, shipping and production departments. This helps employees manage their jobs using a custom workflow process.
<b>Artwork And Design Management</b>	Manage the artwork, design, and graphics for a job all within one centralized location. Create setup screens for print, embroidery and promotional products. Quickly copy setup data for repeat orders.
<b>Integrated CRM For Sales Quotes*</b>	Create opportunities, new accounts, and track all activities and CRM tasks within Acumatica. Quickly create sales quote/proposals and win/loss reports to help you close more deals.
<b>Access Reports &amp; Dashboards</b>	Quickly access pre-defined screen print, embroidery productions, and approval reports, using only a handful of generic inquiries to create dashboards and pivot tables.
<b>Manage Ink, Thread, and Attributes</b>	Take advantage of many customizable features such as using pictures to manage screen print ink colors or embroidery thread colors. Printshop for Acumatica can help you create customized production jobs.
<b>Sales &amp; Purchasing</b>	Set up auto-purchase, allocation preferences, job status approvals, and schedule dates to automate your sales and purchasing cycles from start to finish on work orders.
<b>Customer Proofing Integration*</b>	Interact with customers via a portal so they can review and approve work orders and artwork, preview new work orders, and provide needed signatures.
<b>Job Scheduling*</b>	Schedule all your jobs in a calendar view. Quickly manage resources, delivery dates, and prioritize jobs.
<b>Mobile access*</b>	Extend Printshop to a mobile framework for easy access while on the go or on the shop floor.

\* Features need additional options or are part of roadmap/development.

### THE ACUMATICA ERP DIFFERENCE

Acumatica delivers a full suite of integrated business management applications unlike any other ERP solution on the market today.

#### STREAMLINE OPERATIONS

Manage your business more efficiently with:

- Automate processes
- Control workflows.
- Access from anywhere on any device—including mobile.
- Promote collaboration with all-inclusive user licensing.

#### ADAPTABLE SOLUTION

Add and extend:

- Deploy in-house or in private or public cloud.
- Easily configure your solution to fit your needs.
- Add capabilities such as CRM or data visualization at any time.
- Extend to other solutions and applications beyond ERP.

#### YOUR BUSINESS ACCELERATED

Get a single version of the truth:

- Accelerate business performance and make smarter decisions with automated processes, real-time data collection, financial analyses, and forecasting.
- No per-user pricing – system scales as your business grows.
