**Be noticed. Sell more. Go 360°**

## Search Engine Optimization

**Get Indexed, be noticed.**

With Ecommerce 360 retailers have incredible power to optimize their data, our SEO Dashboard allows you to optimize your entire product catalog for search engines, and so your website pages attract spiders to crawl and index your pages and list higher on search results.

## Comparison Shopping Feeds

**Be noticed on Google, Bing and TheFind.com and several other sites.**

Our Comparison shopping solution takes your product catalog and syndicates with comparison shopping engines such as Google Products, Bing Shopping and TheFind.com so your catalog of products are listed for the shopping engines.

## Marketplaces

**Get noticed in the jungle of Amazon and eBay.**

With our marketplace solution product listing from your ERP system to eBay, Amazon and others makes it easier to generate new sales – one that automates the process of selection, configuration and listing with a breeze. eBay and Amazon are top 2 websites with online sales so why wait if your product can be easily found on those site, go ahead and upload.

## Social Media

**Be Social, be noticed.**

We didn't leave behind the new social media campaigns we got you covered, our social media solution allows you to tweet, post, publish, blog your most important product updates at touch of a button so you can socialize, productize and get on with your business day.

## Analytics and Reporting

**Complete 360° views of your eBusiness.**

Integrated analytics with Google analytics, so you get all the powerful analytics features inside the plug-in, check all your traffic and conversions from SEO, Comparison Shopping feeds, Marketplace and Social media and other sources, a true 360° view.

**Be noticed. Sell more. Go 360°**

“ We've seen a year over-year sales growth in our organic search program of 40 percent as we continue to sell more through online channels that industry has to offer. ”
